### **Who's Got the Answers? What is The Question?**

Tomorrow is the day! It is the day of the next great eschatological event. The sun will be in the constellation Virgo. Venus, Mars, and Mercury will be in the constellation, Leo.

All of this (we are told) is to be a fulfillment of Revelation 12. We are told that this is not the rapture but it means something. I think it means that someone is making money selling books or influence.

The question we need to answer is, "What is the great question?" The disciples of Jesus asked questions about the second coming. Jesus refused to answer and said that no one knows the time. The greater question is not, "When is the end?" but "How will I live until the end?"

*Science tells us how the world came to be but not why. Technology gives us power but cannot tell us how to use it. The market gives us choices but no guidance as to which choices to make. Modern democracies give us a maximum of personal freedom but a minimum of shared morality.*

The Apostle Peter reminds us that the end is coming, and until it does we are to live with holy conduct and a heavenly outlook. (2 Peter 3)

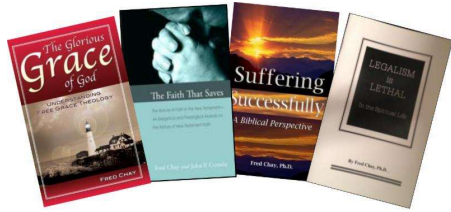

We are to live today in light of tomorrow. Why? Because Right Now Counts Forever!

Serving Him with you  
Until He comes for us,

Fred
